### **2.5.1: The Institution adheres to the academic calendar for the conduct of Continuous Internal Evaluation and ensures that it is robust and transparent.**

Evaluation is the essence of examination and examination is vital for assessment of students. Our college is regularly conducting examination which run parallel to curricular activity. This paper discuss details of examinations and reforms to strengthen it. Since 2002, MUHS has discontinued internal assessment examination conducted in the college but in our college we are regularly conducting term end and prelim to enhance the academic performance of students which has a good impact on the overall university results. The Institution adheres to the academic calendar for the conduct of Continuous Internal Evaluation & ensures it is robust & transparent. University annual examination is conducted as per the guide lines laid down by MUHS, Nashik. Every year university annual exams are conducted twice i.e. May-June and Nov.-Dec. All subjects question bank is uploaded to college ERP software. Along with this, those students who are failed in university examination we are retaking their prelim examinations.(For repeaters) From coming academic year, we are also planning mid-term examination for all the students to enhance their performance.
