Description	<p>The "Research Methodology and Evidence-Based Practice Course" conducted on 15-09-2021 at Mahila Homeopathic Medical College &amp; Hospital was a pivotal program designed to enhance analytical skills among homeopathic students. With a substantial attendance of 63 participants, this course provided an in-depth exploration of research methodologies and their application to evidence-based practice in homeopathy. Through comprehensive modules, interactive sessions, and practical exercises, participants gained valuable insights into designing and critically evaluating research studies. Facilitated by experienced researchers, the course underscored the importance of analytical thinking in advancing homeopathic knowledge and practice. The program's success, evident in the significant turnout, reflects the growing acknowledgment of the importance of research literacy and analytical skills in contributing to the evidence-based foundation of homeopathic healthcare. The institute's commitment to analytical excellence was well-demonstrated through this initiative.</p>
