5.4.1: The Alumni Association is registered and holds regular meetings to plan its involvement and developmental activities with the support of the college during the last five years.

The Mahila Homoeopathic Medical College & Hospital Alumni Association was formed. Since then, it has been actively involved in all the events for College alumni. In addition to the President, Vice President, Secretary, Treasurer, and Executive body, the institution has a ruling body whose job it is to bring together graduates and keep them in touch with the institution.

Every five years, a new person is chosen. With the help of members of the groups and with the direction of staff leaders, the body plans all the meetings, gives out money, and puts together different events. The students in charge are involved in all of the things that alumni groups do.

Through both financial and non-financial means, the alumni group makes a big difference. They give constructive comments and good ideas. A lot of opportunities for students to learn, talk, and do study are made possible by alumni contact. This changes students' moral, intellectual, and psychological attitudes.

Regular interactions between alumni and students are held to help students learn about job opportunities, how to prepare for competitive exams like those given by civil service commissions, and other topics. This is done by hosting guest lectures, seminars, workshops, training programs, and skill development programs.

For the group, the fiscal year runs from April 1st to March 31st.

Students are encouraged to look for chances in other countries by alumni who have moved there.

List of Things to Do:

There was an Alumni Meet MHMC 2022 at Homoeopathic Medical College & Hospital on January 24th and 25th, 2022. A lot of students came and made the event a huge success. Student who graduated from previous classes are now working in higher roles for different companies and doing great work in their own clinics and hospitals. The students, faculty, staff, and graduates all promised to protect the respect, dignity, variety, and uniqueness of "India." Everyone at the college was told by the principal to do their best and know their rights and responsibilities so that they could be good citizens. As everyone ate their sweets, they thought of the colors flying by.

The following things were talked about when the Alumni were contacted:

Senior alumni talked to younger grads and helped them become the best homoeopathy practitioners they could be encouraged people to do their best in homoeopathy practice.

A lot of alumni groups gave money, books, journals, and other things.
